leetcode

EDUCATION

Madanapalle Institute Of Technology & Science

B-tech - 8.66

01 2020 – 06 2024

Madanapalle, India

Bhashyam Junior college

MPC - 93.3 %

04 2018 – 03 2020

Tirupati, India

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Database Management
- System
- Object Oriented Programming
- Web Development
- Computer Networks
- C++
- Matlab
- python

EXPERIENCE

Smart India Hackathon-2022

04 2022 – 09 2022

Team Leader

Kolhapur, India

- We have built a system which helps in rural development by communicating with the people in the respective dialect.
- The communication is based on the queries asked by people in rural area regarding Rural Development scheme.
- we have built a code in python using different Libraries for Hindi language with high accuracy of 90 percent it's working.
- Our model works efficiently and reduces work for human in responding to the queries.
- I have learnt new coding skill python and also Team Management skills during the Hackathon .

PROJECTS

Airline Registration System Project In C++

07 2022

- This project is a **Airline Registration System Project In C++** .
- Technologies used in this project are C++.
- This projects is built to track entire registrations from Booking to billing section. .

Text to speech recognition

07 2022

- This project is a **Text to speech recognition In C++** .
- Technologies used in this project are C++.
- This project acts as Api it takes input from user and perform the action in computer like opening video,files etc. . .

TECHNICAL SKILLS

Languages: Python, C, C++(DSA)

Developer Tools: VS Code, sublime text

Technologies/Frameworks: GitHub,HTML5,CSS3

EXTRACURRICULAR

- * Part of the organizing team of College fest
- * Organized coding challenge in college where 150+ students take part.

CERTIFICATIONS

- Plastic waste Management-NPTEL
- C++ from Sololearn
- MATLAB from MathWorks
- data analytics from google
